

Larry Bryant, Juno Mission Operations Assurance Manager

LARRY BRYANT, *Mission Operations Assurance Manager, Jet Propulsion Laboratory.*

Larry Bryant is the Mission Operations Assurance Manager for Juno and NEOWISE Reactivation Missions at the National Aeronautics and Space Administration's (NASA) Jet Propulsion Laboratory (JPL), Pasadena, CA. Between the U.S. Air Force and NASA's Jet Propulsion Laboratory, Larry has 43 years of operations and systems engineering experience on satellite, missile, and deep space systems. Larry received the NASA Exceptional Service Medal for exceptional leadership and technical contributions in Mission Operations Assurance for NASA Flight Projects. Larry is an Associate Fellow of AIAA and an active member and past chair of the AIAA's Space Operations and Support Technical Committee. Larry holds a Master's degree in Systems Management from the University of Southern California and undergraduate degrees in Electrical Engineering and Mathematics from New Mexico State University.
