## UNITED STATES SPACE FORCE

### MICHAEL G. SANJUME

Mr. Michael G. Sanjume is the Deputy Program Executive Officer (DPEO) for Battle Management Command, Control, and Communication and Space Intelligence (BMC3I), United States Space Force, Space Systems Command, Los Angeles Air Force Base, California. He guides an \$8.5B portfolio of diverse programs encompassing a wide range of mission areas including space domain awareness, battle management, data services, satellite control, and space intelligence to enable timely and seamlessly synchronized multi-domain warfighting.

Previously, Mr. Sanjume was the Senior Materiel Leader for Vulcan Launch Systems Development and Operations, and Launch Enterprise Acquisition & Development Division, National Security Space Launch program, Assured Access to Space.

Mr. Sanjume has over 32 years of DoD experience in space programs. He has served in multiple roles across Air Force and national space programs, including space acquisition, satellite operations, and technology development in launch, missile warning, satellite communications, Global Positioning Systems, and classified space missions.

### EDUCATION

1991 Bachelor of Science, Mechanical Engineering, University of California, Davis, CA  
1997 Master of Science, Systems Management, University of Southern California, Los Angeles, CA  
2006 Post Graduate Intelligence Program, Joint Military Intelligence College, Washington, DC

### CAREER CHRONOLOGY

1. 2024 - Present, Deputy Program Executive Officer, Battle Management Command, Control, and Communication, and Space Intelligence, Space Systems Command, Los Angeles AFB, CA
