

Rob Andzik

Rob Andzik is the President of AMERGINT Technologies. He has over 25 years of experience in the space industry working for Lockheed Martin, RT Logic and now AMERGINT Technologies. As an engineer he has designed, implemented, and maintained satellite communication systems for programs including the International Space Station, GPS, AFSCN, MMSOC, and launch systems for Atlas and Delta rockets. Rob has been a co-chair of the OMG Space Domain Task Force, author of OMG's GEMS specification, and is also involved in non-profit work in Kenya and Ethiopia.
