

Katherine D. Monson

Katherine.Monson@ksat.no

Katherine Monson is the CEO of KSAT Inc., the American headquarters supporting Kongsberg Satellite Services (KSAT), the world-leading provider of ground station communication and earth observation services. From our uniquely located global ground network, we provide rapid data delivery for new and legacy space satellite missions. KSAT is proud to be the infrastructure that bridges space to earth, supporting the vast majority of space companies, agencies, and start-ups.

Katherine is an avid hiker and skier, and enjoys trying new recipes and exploring new places. She lives in Boulder County, Colorado.
