

Dr. Mario Merri (European Space Agency)

Mario holds two Masters and one Ph.D. in Electrical Engineering.

Since 1989, he has been with the European Space Agency at European Space Operations Centre (ESOC) in Darmstadt, Germany.

Currently, he is the Head of the Mission Operations Data Systems Division and is responsible for the design, development, deployment, operation and maintenance of infrastructure and mission-specific data systems for most ESA missions and the Space Safety programme. This includes Mission Control Systems, Mission Planning Systems, Spacecraft Simulators and Service Data Centres.

Mario is very active in international space standardisation, in particular within the Consultative Committee for Space Data Systems ([CCSDS](#)), where he serves as area director for Mission Operations and Information Management Services.
