

Ground System Architectures Workshop *Driving Innovation for Enterprise Integration*

February 23–March 3, 2022 | Virtual Event

Steve Williams

Steve Williams is a Sr. Systems Architect for Kratos Space Situational/Domain Awareness (SSA/SDA) efforts. Specifically, Steve works with government and commercial programs that implement Passive RF (Radio Frequency) Ranging, PSD (Power Spectral Data), space vehicle maneuver detection, SEI (Specific Emitter Identification), RF EMI (Electromagnetic Interference) monitoring, detection, characterization and reporting, signal geolocation, on-air and off-the-air EW (Electronic Warfare) Training Systems and RF Channel Simulation. With 40 years industry experience, Steve hold a BSEE degree from the University of Illinois at Urbana-Champaign.
