

Ground System Architectures Workshop ***Driving Innovation for Enterprise Integration***

February 23–March 3, 2022 | Virtual Event

Jorge Corral

Jorge Corral is currently working under the Delta Status and Reporting & Intelligence Preparation of the Operational Environment Portfolio (DSR&I) at Space Systems Command (SSC) as the Program Manager for the RAVEn initiative. Before coming to SSC, Jorge worked for five years at the Naval Sea Systems Command (NAVSEA), Naval Surface Warfare Center Corona Division as a STANDARD Missile 2 Flight Analyst/Engineer. During his time as a flight analyst, Jorge was part of the Aegis Virtualization Team and was awarded with a NAVSEA Program Executive Office Integrated Warfare System Excellence Award. He graduated from California State Polytechnic University, Pomona in 2015 with a Bachelor's of Science in Aerospace Engineering. He is an industrious, results oriented team player that is always eager to thrive in challenging fields of work. Jorge is inspired daily by his family. In his free time, Jorge likes to spend time with his family and enjoys exercising.
