

## ***Ground System Architectures Workshop*** ***Driving Innovation for Enterprise Integration***

February 23–March 3, 2022 | Virtual Event

### **Leah Ruckle**

Dr. Leah Ruckle is a Senior Member of Technical Staff in the Modeling and Simulation Department at The Aerospace Corporation. She performs a variety of analyses focused on modeling future ground and space system capabilities, and develops a variety of tools to support those analyses. Her primary technical interests include multi-objective and combinatorial optimization, data visualization, and digital engineering. Leah has a PhD in aerospace engineering from the Georgia Institute of Technology.
