

# *Ground System Architectures Workshop*

## *Driving Innovation for Enterprise Integration*

February 23–March 3, 2022 | Virtual Event

## **Chris Badgett**

Mr. Chris Badgett is Vice President of Technology for Kratos Space. He sets vision, technology strategy and direction for a portfolio of Kratos Space products. This includes secure and protected virtual satellite ground solutions for military and commercial applications. Prior to Kratos, Mr. Badgett served in the Air Force as a weapons engineer in the Air Force Research Lab and in the Space Development and Test Wing as a program manager for Ball Aerospace. Mr. Badgett holds a BS in Electrical Engineering from University of Tennessee and an MS in Space Systems from the Air Force Institute of Technology.
