

Dan Adams

General Manager
KSAT

Dan Adams is recognized young leader in the space community. As General Manager of KSAT Inc, the US based subsidiary of the Norwegian ground station service provider, Kongsberg Satellite Services (KSAT), Dan has helped lead a revolution in commercial ground solutions at scale. Prior to assuming responsibility as regional leader for KSAT in the US, Dan served as Head of Sales for KSAT in the US market. Before KSAT, Dan worked at United Launch Alliance (ULA), where he led Civil Space and Small

Satellite launch business development. Dan has an undergraduate degree in Business Management from the University of Wyoming and a Masters of Science in Systems Engineering from Colorado State University.
